New Home Build Review

We are first time home builders. We had no idea what to expect but Scott, Zach and their team had a lot of patience with us from start to finish. They are very experienced and know what they are doing. Not only are they knowledgeable, but they are fun, hardworking, trustworthy and genuinely GREAT people. If we were to do it again, there would not be a doubt that we would choose Heinold Homes to be the ones to do it! – *Quinten and Cari Arbuckle*

Home Renovation Review

Heinold Homes & Renovations completed the remodel of our house. This was a HUGE job as the entire main floor was updated. They did everything! New flooring, baseboards, doors, woodwork trim, new bathrooms, new kitchen, laundry room, electrical/lighting, new gas fireplace, and new windows and siding. They took our house and truly made it our HOME. They were great to work with, very detail oriented, very service oriented, and their team of craftsmen did a beautiful high quality job.

Finished Basement Review

Scott and Zach were such a pleasure to work with. Scott had awesome ideas, things we hadn't even considered. We knew upfront what our costs would be and could easily foresee any overages due to our choices. Everyone who worked on the house was considerate and respectful. The project was done on time and on budget. We love our finished basement!
